**Official Invitation
to Elite Deaf Basketball Referees
from around the World**

Dear Deaf Basketball Referees,

On behalf of the international governing body for deaf basketball - the DIBF, in collaboration with the FIBA and the PDSA, we are pleased to invite you to our 2022 DIBF World Referee Clinic to be held in Warsaw, Poland.

This will be an excellent facility for high-grade experienced and elite World deaf referees to undertake the extensive six days' referee clinic lead by DIBF and FIBA lecturers and officials.

At the end of the clinic, a selection of deaf referees will be chosen after extensive update training, assessment and evaluation of high standards, and they will be awarded the DIBF International Referee Licence. This will qualify the participant to officiate at international deaf basketball games around the world, such as Regional and World Deaf Basketball Championships, and the Deaflympic Games. In addition, at certain deaf basketball games, the participant will be able to work alongside active FIBA International Referees.

Existing DIBF International Deaf Referees will also be participating to revise their qualifications and for reassessment thus ensuring universal consistency and the maintenance of high standards.

Please see following pages for more information, contact details and registration forms. The DIBF Central Board extend his very best wishes to the organisers, officials, and the participants.

Your sincerely,

Jürgen Endress
DIBF Secretary General
