

Individual Referee Procedure

The data of each DIBF / Deaf Active Referee are kept in DIBF Computerized Information System called DIBF Referee Applications.

Those data are constantly updated either by entering the data for the newly licensed DIBF Active Referee or for any changes which need an updating (change of the postal address or E-Mail address, etc.).

1. Each DIBF / Deaf Referee Candidate, participating at any official DIBF Referee Clinic must provide the DIBF Instructor with the following:
 - Individual Referee Information Form (IRIF);
 - One (1) color passport size photo, having the name of the person written on the reserve side of the photo;
 - A copy of national referee license;
 - A copy of passport.

In order to facilitate the procedure, each referee is invited to complete IRIF already at home before departure and to bring it to the clinic already completed.

2. Each DIBF Active Referee is requested to provide DIBF with any type of the changes of the data at the original IRIF.

In order to complete IRIF please open the PDF Form and fill in the respective fields with your data.

Please print the form and provide it together with the photo and copy of the passport to the DIBF Secretariat (secretary.general@dibf.org).
